HOW WE MAY USE AND DISCLOSE HEALTH INFORMATION

Treatment. We will use health information to provide treatment to your child. This includes use and disclosure of health information among KTT staff as it relates to your child's treatment. In addition, with your written consent, we may disclose health information to your child's doctors, or other personnel who are involved in your child's medical care.

For example, we may provide your health plan with information including diagnosis, procedures performed, progress, goals or recommended care, so they will pay for your child's treatment. These disclosures include the minimum necessary information required for payment and may consist of third party reports.

Routine Operations. We may use your child's health and education information to carry out routine operations for KTT, which may include the disclosure of information to persons with a legitimate educational interest. Such persons may include, but are not limited to, those employed at KTT and those businesses with whom we contract (such as lawyers, tech help, etc.). These uses and disclosures are necessary to make sure that all of our clients receive quality care and to operate and manage KTT.
